

HERE'S the POINT

By SPENCE HELD

That Associated Press football poll, played up by the daily newspapers, gets sillier and sillier.

The final poll of sports writers and broadcasters gave Oklahoma the national college championship. Oklahoma, in a weak league, doesn't play many strong opponents during a season. Michigan State was rated second, followed by Maryland, UCLA, Ohio State, TCU, etc.

Obviously, most of the voters are concentrated in the East and Midwest. They often cast their ballots along sectional lines, hence a Pacific Coast team has little chance of winning the so-called championship.

UCLA, No. 4, was defeated once—by Maryland, in the mud. Southern California, No. 13, beat Notre Dame (No. 9) by a score of 42-20. (USC wasn't even ranked in the first 20 last week, before they played Notre Dame, then No. 5.)

Stanford, ranked 16th, licked Ohio State, No. 5 in the final poll. Miami of Ohio (hawl) and Miami of Florida were placed ahead of Stanford.

And so it goes. What a laugh! Incidentally, don't expect UCLA to beat Michigan State in the Rose Bowl. A Big Ten team trains hard for this annual game—but what incentive is there for a Los Angeles team?

All it means is an extra month, more or less, of drudgery on the practice field and then a walk across the street (roughly speaking) to the Rose Bowl.

So—the Big Ten team usually wins. Anyhow, that's my theory and I'm stuck with it.

In last week's column about the Point Loma-Hoover football game, I mentioned several Loma-ans who looked good on defense, plus "an unidentified No. 50, not listed on the program."

I figured somebody would kick through with his name. Sure enough, a reader supplied the information. No. 50 was David Bartlett, a 205-pound middle guard on defense. He really threw his weight around in that game.

"Dear Santa Claus
We wrote you last year and year before, but you never sent us nothing. I am eight years old now. Please try to stop at my house."

The faith of children that their letters to Santa Claus will be delivered will give the Post Office Department one of its annual problems during the coming holiday season.

O. H. Fuller, regional operations manager, San Francisco, says the Post Office Department has a soft spot for these children. There is a special provision in the Postal Manual regarding letters from children to Santa Claus.

Such letters do not have to be stamped "Un-deliverable—Address Unknown" and sent to the dead letter office. Postmasters are authorized to turn over Santa Claus letters to individuals or groups which request them "for exclusively philanthropic purposes."

Anyone who would like to help make Christmas 1955 a merry one for some deserving youngster can contact the local postmaster and make arrangements to receive a Santa Claus letter, Fuller said.

World Travelers Pick Pt. Loma

"We've been wanting to move to San Diego for a long, long time," said Mrs. Louis Sahfran, who, with her husband and daughter, Michelle, have bought a home at 3705 Milan St. in Point Loma.

World travelers during their vacation periods, the Sahfrans decided "that San Diego was the most beautiful place in the country with a climate that cannot be surpassed anywhere in the world."

Mr. Sahfran is employed by a local aircraft company. Mrs. Sahfran is getting acquainted in the neighborhood. She volunteered as a committee member for eight year-old Michelle's third grade Brownie Scout troop at Silvergate school.

WHITE POINSETTIA BLOOMS ENTERED IN ANNUAL CONTEST

Novel white poinsettia blooms, grown by Mrs. Margie C. Steverding, of 5076 Long Branch Ave., are the first entries in the San Diego Junior Chamber of Commerce's annual Poinsettia Sweepstakes contest.

Not widely known or grown outside of nurseries, the white blossoms are a variation of the popular red poinsettias, universally recognized as a symbol of the Christmas holidays. Mrs. Steverding, who grows the plants in her back yard, said that the blossoms are green when they first appear, but that the petals gradually fade to a creamy white color by the time the blossoms reach maturity about Christmas.

Skip Heidick, contest chairman, reports that entries in this year's sweepstakes have not come in as fast as expected. "Last year at this time we had over 25 entries, and closed out with over 185 entrants by deadline," Heidick said.

MAIL CHRISTMAS PACKAGES EARLY, SAYS POSTMASTER

Postmaster Krenning announced today that there has been a steady increase in the flow of Christmas cards and packages through the Post Office the past few days.

He said he was glad to see that many people are getting their Christmas gifts for distant points into the mail this week, pointing out that packages addressed to folks living in other states should all be mailed before December 5 and those for nearby points before December 10.

Stressing the need for everyone to cooperate on his 1955 "Mail Early for Christmas" campaign, Postmaster Krenning says that by following these three simple rules, you're certain to have your gifts delivered before Christmas Day: **Wrap them securely, Address them correctly, and Mail them early.**

He went on to say, "Of course early mailing of all Christmas cards and gifts is a big factor in getting everything delivered before Christmas. Keep in mind that careful packing and correct addressing is equally important. Every year many poorly wrapped packages break open despite careful handling and we often have to puzzle over addresses which are incomplete or simply cannot be read at all."

Advance care in preparing gift packages for the mails and making sure that all addresses

Seventh Year

In its seventh year, the Poinsettia Sweepstakes are part of the Junior Chamber's Poinsettia Week festivities, designed to spotlight San Diego as the world's poinsettia growing center.

There are three divisions open to home-gardeners: tallest plant, most prolific plant and largest bloom. Entries should be sent to the San Diego Junior Chamber of Commerce office, 947 Columbia, by no later than December 13. Participants should send their name, address, phone number, and necessary plant dimensions. No 1954 winner may enter the same division this year, Heidick said.

Judging will be conducted December 15 and 16 by Jaycee members. Winners will be announced at the Poinsettia Bowl football game, December 17 and each will receive a \$25 Savings Bond and a plaque.

Appointment of Mrs. Betty Hanger, 4525 Long Branch, as area chairman of Ocean Beach and Point Loma for the Muscular Dystrophy campaign which will be Monday night, Dec. 5, was announced yesterday.

The Ocean Beach-Point Loma march will raise funds to combat the crippling, always-fatal disease from which more than 250,000 persons, mostly child-

ren, now suffer. Funds will go for research to seek the cause of the disease and other patient care for those stricken in San Diego County.

Anyone desiring to assist as a volunteer in the Ocean Beach-Point Loma march should call MD headquarters, BE-4-6115 or BE-4-1444 for information. The full campaign period is from Dec. 1 through Dec. 15.

Madrigal Singers To Give Program Here Friday Night

A program of medieval and renaissance music will be presented Friday evening at 8:30 in Dana Junior High School Auditorium, 1775 Chatsworth Blvd., by the Madrigal Singers under direction of Marjorie Rohlfleisch. The program will include songs, motets and madrigals of the 15th and 16th centuries.

Local area composers' works also will be presented. These will include "Adieu," by David McNair, and "Weep No More, Sad Fountains," by Howard Brubeck. Marjorie McNair and Bobbie Merrill will appear in solo dances.

The event will be the third in the fall concert series of the University of California Extension Division in San Diego.

Singers in the madrigal group include Bonnie Hyndman, Marjorie Rohlfleisch, Helen Rogers, Leona Du Paul, Marjorie McNair, Kramer Rohlfleisch, Joseph Wagner Jr., Howard Brubeck, Robert Henninger and David McNair.

The evening's program, according to C. A. Lewis, extension representative in San Diego, also will include instrumental numbers. These will be a trio for recorders and a quartet for recorders and strings.

THIS IS SAFE DRIVING DAY!

As the National Safe Driving Day campaign went into its final phase, San Diego County residents were called on to use more caution on the highways to prevent further accidents and deaths.

Ronald T. Strong, president of the Traffic Safety Council and S-D Day director for the county, called attention to the poor record with which the county started the observance of the 21-day period which began on November 21.

"We had two deaths the first day and there have been a continuing series of accidents that have not helped our record," he said.

"This is a direct plea for all of us—motorists and pedestrians alike—to be more courteous and more cautious on our highways and streets for the rest of the campaign which cites December 1 as Safe Driving Day and continues through December 10.

"The Christmas shopping season is underway and this adds to the number of people on the streets and the attendant hazards. So drive with care and save your life as well as your neighbor's," Strong said.

Children Endangered By Voltaire St. Traffic

This is Safe Driving Day, and the Peninsula News is observing it by pointing out that a dangerous traffic situation exists on Voltaire St., where two children have been injured recently.

Many children cross Voltaire, in the vicinity of Froude and Ebers Sts., enroute to school. Westbound cars come speeding down the hill and "drivers won't wait for the children to cross the street," neighbors reported.

Sometimes children have to wait five or ten minutes before they dare venture across the street, it was said.

Ray Perine, of 4612 Lotus St.; Mrs. William C. Nelson, 2237 Froude, and others feel that something must be done to protect school children crossing Voltaire. Perine conferred Tues-

day with Howard Pentoney, Ocean Beach attorney, who agreed to draw up a petition to the City Council after he consults residents in the area regarding their wishes.

"There is a four-way stop at Sunset Cliffs Blvd. and Voltaire," said Mrs. Nelson. "However, there are no marked crosswalks between Sunset Cliffs Blvd. and the high school. We feel that crosswalks are needed."

Pentoney said that a stop sign at the top of the hill might help the situation.

MAIL CONTRIBUTIONS TO USD

Every \$13.10 received by the United Success Drive will take a child off a Red Feather waiting list, Mrs. Harley C. Greaves, Peninsula campaign chairman, said yesterday.

She urged persons who have not yet made contributions to the drive to mail donations to the Community Chest, P. O. Box 2671, San Diego 12.

"All together there are 25,000 youngsters waiting to join youth

groups like the Y's or Scouts or waiting for some other kind of counselling or medical Red Feather service," Mrs. Greaves said. "These aren't all someone else's children. A good share of them live right here on the Point. Our own children will still be on waiting lists next year unless the United Success Drive meets the goal necessary to eliminate waiting lists this year."

Home Decoration Contest Entries

Entries are now being accepted for the Christmas Home Decoration Contest, sponsored annually by the San Diego Junior Chamber of Commerce, according to Larry Herr Jr., contest chairman.

Judging is scheduled for December 17 through 21, and all entries must be in by December 15, Herr said. Home owners are asked to state their intention of

entering by mailing a card with their name and address to the San Diego Junior Chamber of Commerce offices, 947 Columbia.

Herr emphasized that a large home or expensive decorations are not necessary prerequisites for participation. "Judging will be based on artistic merit, originality, lighting techniques, and ingenuity," he said.

Musical Drama Set At Dana PTA Meet

"The Spirit of Christmas," a musical drama, will be presented at a meeting of the Dana Junior High School PTA Thursday evening, Dec. 15, at 7:30 o'clock in the school auditorium.

The dramatization will be directed by Mrs. Betty Hawkins of the school drama department and Mrs. Veta Riegel of the music department. Ninth grade parents will be hosts.

SPORTFISHING STILL GOOD; LOCALS SCORE

Yellowtail and bonito catches this week went a long way toward more firmly establishing surface game fishing as a year-around sport, but bottom fishing also made some inroads as banner catches of exceptionally big fish were made eight to 10 miles west of Point Loma.

The Rock Pile proved the hot spot for yellowtail fishermen, although anglers took some yellows and good to excellent catches of bonito at the Coronado Islands as well.

Yellowtail catches for the most part were good, but varied with the weather. Fortunately, rod and reelers were favored by sunshine last week and usually checked in with well filled bags of fish. Rock fish and other choice bait fish predominated, but yellows and bonito worked steadily enough to keep interest at fever heat.

One of the largest yellows of the week fell to the lot of W. E. Ward, Ocean Beach, and weighed 26½ pounds.

Although bottom fishermen usually have no difficulty filling their sacks with red cod and other choice eating fish, the big fish moved into the spotlight last weekend and nine anglers checked in with full limits of big red ones and 20 big ling cod exceeding 20 pounds each. Some of them went as high as 28, Offie Collins reported.

Among those who loaded up on these blue ribbon ling was Albert Stone, Ocean Beach.

MULLING WITH MULLER

Now here's something that's really snible and certainly useful. A hanging beauty box! Attractive in the bathroom, the locale for the majority of women to put on their make-up, you have a place for all those bottles and jars - out of the way of "little hands." The front can be let down to become a make-up shelf. 20x17x6 is a convenient size and will be amazed at all the items it can hold. A mirrored back will add a bit of glamour and you can decorate the outside with wallpaper, decals, or even a brilliant lacquer.

The first cool breeze that blows in my direction at the end of summer brings the desire to paint, reupholster or do something to freshen up and give our home a new or different look. One of the "musts" for us this year is doing over the playroom floor. No other room takes the punishment this one does so we've practically decided that the All-Vinyl flooring is probably our best buy. This is no light statement - I've been looking them over. Did you know, for instance, that if you hit All-Vinyl flooring a hard blow with a hammer that 15 minutes later you can't tell where the blow was struck? (Not that you make a habit of hammering your flooring, but it gives you an idea how heavy tables, etc., won't leave a permanent mark.) Being factory pre-polished it has a lasting luster and won't crack even when bent nearly double which makes it ideal for round edges and contour coving. It's scratch-resistant, which makes me very happy, and maybe best of all, grease, alcohol and even ink wipe clean with a sudsy cloth, it is so resistant to stain damage and dirt I can have pre-cut tiles or full 45-inch wide rolls which take care of most needs. My problem now is making a selection from one of the stunning 18 decorator colors.

Blackboard Helps Learning
THE skills learned at school, like writing, can be improved and enjoyed at home, too, especially if the youngster has a wall blackboard like the one illustrated.

Any Dad can make a blackboard and install it. The cost is low and the work is simple. Just get a panel of Masonite Tempered Presdwood from the lumber dealer, give it a coat of blackboard paint and attach it to the

wainscot of the room either with screws fitted through drilled holes and attached to wall studs or with a wallboard adhesive.

Instead of just one panel, as illustrated, the entire wainscot on one side of the room may be lined with the Tempered Presdwood and covered with a chalkboard material. That way, there'll be plenty of room for the writing and art work of the beginning pupil and her friends, too.

While Dad's making a blackboard for his daughter, or son, he might as well make one for Mother, who can use it to advantage in the kitchen. There it can be hung on a nail.

When a blackboard's so simple to make on smooth, splinter-free hardboard, there's no excuse for wanting one wherever it's needed.

Tips on Touring

By Carol Lane
Women's Travel Authority

Coast to coast without a traffic light... driving to South America... sound impossible? Not according to automotive experts who have come up with these and many more predictions for the future of highway travel.

At present, there are 58 million cars on the road in this country, and by 1965, it is expected that this figure will increase to 81 million. All these cars, bumper to bumper, would reach around the equator ten times, or stretch to the moon.

Automobiles may well evolve into three types, say the experts. One type may be the luxurious highway cruiser for safe, intercity transportation. The second, for general, around-town driving, will combine maximum passenger space and maneuverability in a small package. (In line with the idea of a small vehicle, don't overlook the open air scooter. It seats two, uses a minimum of gasoline, folds and unfolds in a minute, and can be stored in your larger car trunk, boat, plane, or under the desk—if you're a commuter.) The third type will be the "sports" car, to help you recapture the thrill of driving for pure pleasure. It's excellent for your "Shun-piking" trips. Plastic-body cars are already on the road, but someday, the entire car may be made of plastic, including a completely transparent scenic dome.

A highway modernization program is in progress and it envisions a 40,000 mile national system of intercity highways. This could mean coast to coast without a traffic light in a few years! Plans for the completion of the Pan-American highway are underway, so that drive from "Hometown, U.S.A." to South America may someday be a reality.

All this adds up to one thing bigger, better, safer, driving day for all... Here's to them!

Smoothest way to Chicago

... "Golden State"

USE THE WORD AS YOU WILL, a trip East on S.P.'s Golden State is SMOOTH.

Smooth service is yours, all the way...with complimentary hors d'oeuvres in the gay Lounge, with dinner in the Dining Room—or with a sandwich in the Coffee Shop or new Hamburger Grill Car.

And when you lift a brimming glass, you'll realize how mechanically smooth this sail by rail from Los Angeles to Chicago really is...why the Golden State is chosen by experienced travelers who appreciate the subtle "extras" that set this train apart.

Rewarding travel like this is what Southern Pacific tries to provide. Nature gave us a wonderful low-altitude route. We added skillful engineering, careful maintenance, and modern equipment. And we keep looking ahead, trying to work out new ways to improve our service—passenger and freight. We're your railroad—serving more of the West and Southwest than any other railroad—and we want to be a good road for your benefit.

HEALTH FOR ALL

It may be a long time. Right now, you may not be thinking of the years ahead. You're still going strong at fifty. You can't do everything you could at 25,

but you certainly aren't ready to be put on the shelf.

"On the shelf," useless and dependent—that's the way too many of us think of old age. But that's only one kind of old age. And it's the kind that can be avoided if you start planning now.

If you want to be thoroughly alive as long as you live, start a campaign to improve and

keep your health. The old "stitch in time saves nine" was never truer. Your happiness at 70 depends on the stitches you take now.

If you don't already have the habit, begin now the practice of getting a physical check-up at least once a year. A number of the diseases that make dependent invalids of old folks start quietly without any outward sign that something is wrong inside.

Only a doctor with his scientific tests can spot them. And almost every kind of sickness responds best to treatment in its early stages.

Tuberculosis

Tuberculosis is one such disease. It's tragic to see an older person bedridden or partially incapacitated by TB. He might be up and about and living a full life if his disease had been discovered earlier.

You should know whether or not you have been infected with the germs that cause TB. Your doctor can make the simple test that will tell you for sure.

A "positive reaction" is nothing to worry about, but it is a warning that you must keep your body in the best possible health to prevent the infection from becoming disease. A chest X-ray as often as the doctor advises will make sure that TB is discovered early if it should break out.

To be sure that your later years are not shadowed by pre-

Speaking of PUBLIC SAFETY

Three out of five traffic deaths occur during the hours of darkness, and Saturday remains the most dangerous night of the week. These and other facts are shown in a study of the most recent U. S. traffic accident records by the National Street and Traffic Safety Lighting Bureau.

Statistics vary state by state, but the role of darkness is always clear. Though night traffic totals only 33 per cent of all traffic, night accidents claim nearly 59 per cent of all persons killed and more than 40 per cent of all those injured.

According to the Bureau, changing human nature to correct human failings which cause traffic accidents is a difficult, long-range project.

A more direct and immediately rewarding method of curbing the traffic toll, as demonstrated by Indianapolis and a growing list of other communities, is to give the people adequate light so they can make their own way safely.

YWCA World Festival Of Nations To Be Held Friday, Saturday

Many Point Loma and Ocean Beach women are working on the San Diego YWCA's sixth annual World Festival of Nations, to be held December 2 and 3 at the YW building, 1012 C street. Festival hours are 5 p.m. to 11 p.m. each evening.

Among the 500 women involved in the Festival production are Mmes. Clifford Watson, 945 Orma Dr., M. F. Dudley, 3851 Centraloma, M. L. Parish, 3466 Wisteria Dr.; George Torio, 5118 Saratoga and G. S. Fletcher, 3048 W. Canon.

Known for its array of exotic foods, the Festival Sidewalk Cafe this year will feature foods from 17 countries, including salads, hot dishes, and desserts. Each evening there will be

three 'Spectaculars' in the YW gym and in the pool—a colorful dance show, "Christmas Stockings," will feature over 100 dancers.

In the pool, 100 costumed swimmers will present a water show following a theme of "Christmas Around the World." Y-Teens (high school members of the YWCA) will sponsor a child care center where children over two years will be entertained with a puppet show, movies, stories, and a magician. Graham crackers, milk, and ice cream will be served the youngsters.

Some 300 YM-Wives have been preparing items for the Festival's bargain-packed bazaar. Handmade ceramics, jewelry,

candles, lots of toys, stuffed animals, corsages, potted plants, oil paintings, and a host of other items will be on sale. Homemade bakery goods, popcorn, and cotton candy also will be found in the Bazaar.

Each evening at 6 p.m., there will be an International Fashion show, with models from foreign countries wearing the costumes of their native lands. Fortune tellers will have booths of their own.

O. B. Woman's Club Luncheon Dec. 8

At noon, Dec. 8, the Ocean Beach Woman's Club will begin celebration of the coming holiday season by a sumptuous luncheon prepared by the Ways and Means committee, Mrs. Sylvan Planson, chairman.

Everyone is invited but reservations must be made, either with Mrs. Brautigam, AC-2-5282 or Mrs. Laubach, AC-3-0308. The price is 1.35, and Mrs. Planson assures that the event will be well worth the investment.

Mrs. E. A. Walker of the Warren-Walker school will bring her children to sing the familiar Christmas songs, and the close of the gathering will be a gift exchange by those attending.

All Soul's Church Plans Reception

Honoring George C. Lee, who has served the parish as organist and choir director for more than two years, members of All Souls' Episcopal Church are planning a reception on Sunday, December 4. It will be held in the Fireside Room of Gooden Hall following the 11 o'clock service.

On Saturday, December 3, at 7:30 a.m., the men and boys of the church will celebrate their annual Advent Corporate Communion and breakfast. Dr. William Rust of California Western University will be the speaker. Sponsor of this fellowship event is the Brotherhood of St. Andrew, whose officers were instituted at the 9:15 service last Sunday. Director and secretary is Robert L. Craig, vice-director is Carl G. Erickson, and treasurer is Mrs. W. Hadley Richardson.

Tonight, December 1, will be the last meeting of the Advent School of Religion under William F. Carey, Jr. His topics will include "The Revolt of the Macabees," "Roman Control," "The Birth of Jesus," and "The Crucifixion."

CLARKE LECTURE TUESDAY

In his 80th public lecture in San Diego, Philosopher John Robert Clarke will trace the seldom-explored life and teachings of a founder of modern psychology in his lecture, "Jung—The World of the Unconscious," Tuesday, December 6, at 8 p.m. in House of Hospitality, Balboa Park.

Peninsula PERSONALITIES

By AVIS STONE

Mr. and Mrs. H. E. Mishler of 2000 Sunset Cliffs Blvd. have been entertaining their daughter and family, Mr. and Mrs. J. R. Grant who drove down from Los Angeles with their two children, Jimmy and Susan to spend the holiday weekend here.

The Mishlers were also hosts to visitors from Santa Anna during this busy week-end when Mr. and Mrs. Melazzo and their daughter and family, Mr. and Mrs. Hal Glitzen, and their two children, Rosemary and Paul came to spend the day.

Mr. and Mrs. Jack Croston entertained a group of long-time friends with a dinner party given in their home at 1778 Bacon. Guests included Lt. (ret.) and Mrs. S. E. Roese with their son Dale, and Mrs. Tom Willmoth and her mother, Mrs. Ella Fant who are both visiting here from Arizona and are the present house guests of Mrs. Larry Beauchamp.

The entire group were guests at the Beauchamp home for Thanksgiving Day. At this get-together Mrs. Croston's daughter and family M/Sgt. and Mrs. Frank Percival with their three children Treema, Kim, and Kirk came from Oceanside to join their friends.

Mr. and Mrs. H. M. Stansifer traveled from Bishop, in the high Sierras to visit with their son and daughter-in-law, Mr. and Mrs. Donald H. Stansifer who live at 4427 Pescadero.

The three Stansifer children, Don, 13, Patsy Ann, 10, and Laurie, 2, assisted in local sight-seeing trips and in general contributed toward making the stay of their grandparents a memorable one.

Thanksgiving Day found the entire group enjoying a family reunion at the home of Mr. and Mrs. Charles E. Vaughn, parents of Mrs. Stansifer.

Mr. and Mrs. Chas. M. Underhill were pleasantly surprised by the recent visit of her sister and brother-in-law, Mr. and Mrs. J. B. Collette who were on their way from Arizona to Los Angeles. The visitors were shown many of the local points of interest during their brief stay.

Mr. and Mrs. Karl Undesser and their young son Eric are new arrivals to the Ocean Beach area having been former residents of Baltimore, Md. The family plan to live in the 4300 block on Del Mar.

The Undessers have as house guest, Miss Helen Geyer, who has come from Vienna, Austria, to be with her friends.

Ronald Ray celebrated his 7th birthday recently with a group of friends and relatives who

came to wish him well in his home on Cape May Ave. His parents, Navy Lt. and Mrs. Ray carried out a pirate theme for the party spirit.

Maternal grand-parents, Dr. and Mrs. Robert Graham came from Laguna to be on hand for the festivities. Other little birthday greeters included his sister and brother, Sandy and Jimmy, Mark Stone, and Katey and Michael Masica.

Mr. and Mrs. N. E. Hay have moved into their new residence in the 4400 block on Orchard Ave.

Mr. Hay, who is a Navy Chief, plans to make this his permanent home upon an early retirement.

Mr. and Mrs. Edward R. Myrick have moved into their own home in the 4500 block of Naragansett. The Myricks are familiar with Ocean Beach, having stayed here when they first came to San Diego in 1920.

Recent newcomers to Ocean Beach include Mr. and Mrs. Donald Read, and their son, Eddy, aged 1; also Mr. and Mrs. Charles Wegner and their five-year old daughter, Karen. Both families having been here before, were pleased to return and are now residing in the 4700 block on Voltaire.

Mr. and Mrs. W. D. Burnett and their 3½ year old daughter Debbie, have arrived here from Cincinnati, Ohio, and are visiting with Mrs. Burnetts parents, Mr. and Mrs. L. R. Mayfield of 4685 Larkspur. The Burnetts are anxiously awaiting the completion of their new home on Coronado Ave.

Mrs. Leland Barrett, who has been accustomed to spend her winters in New York City, and summers at Long Branch, N. J., has now decided to make Ocean Beach her home. Mrs. Barrett often visited her son Leland Barrett Jr. of this area, and has grown to like it well enough to now make her residence in the 4700 block on Niagara Ave. a permanent one.

Mr. and Mrs. Stephen Tornay have arrived here from Indianapolis, and are now making

their home in the 4500 block on Pt. Loma Ave. Both having lived in L. A. previously, are very happy to be back in California, and are delighted to have found residence in this area.

The Old Timer remembers when the hero of a novel didn't kiss the heroine until the last chapter—CHANGING TIMES.

Need Student Help?

Employers needing student help for pre-Christmas work may contact the Junior Employment Service, Education Center, CY-8-4681, announced John D. Wimmer, coordinator. The service has in its files the names and records of boys and

girls of Point Loma High School who are seeking work. Some of these students can be excused from school one week prior to the regular Christmas vacation which would permit them to work full time as early as Dec. 12, Mr. Wimmer said. Requirements for employment may be obtained at school.
